How this 10-year Budget 2021-2031 is arranged

This document is an excerpt of Volume 3 of the Auckland Council 10-year Budget 2021-2031.

The complete annual budget has three separate volumes. To find out information on a particular area of the council’s work or services, you will need to look in the appropriate volume.

Public consultation ran during February and March 2021. This involved around 61 feedback events across the Auckland region. Both written and digital feedback were also encouraged and approximately 20,000 pieces of feedback were received. For a summary of the key decisions please visit aucklandcouncil.co.nz.

This plan was then adopted by the Governing Body on 29 June 2021.

Section One: Local board overview

1.1 Local board overview

Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Section 3.5 for the allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Section 3.5 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is developed between the Governing Body and each local board. It agrees the delivery and funding of local activities and intended levels of service for that area, for the year. The agreement takes into account local board plan priorities but must also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for activities in which they have decision-making responsibilities. They contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2021/2022 have been agreed between each local board and the Governing Body and are set out in Section 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

- Local Community Services
- Local Planning and Development
- Local Environmental Management
- Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2021/2022 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

1. **Asset based services** – the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset based services, such as building a new swimming pool or library.
2. **Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
3. **Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total planned expenditure for local activities across all 21 local boards over the 2021-2031 financial years are shown in following table below. The budgets for each local board are listed within the individual local board agreements in this volume.

Message from the Chair

I'm mindful how busy times are with COVID-19, natural events such as tsunami warnings, local tourism and general life.

Our island feels like it's fair humming with visitors and new residents. I'd like to acknowledge our health trust, welfare group, education and emergency providers, and all environment and service industries for their incredible work.

Thanks to mana whenua, mataawaka and Aotea community for taking the time to submit on Auckland Council's 10-Year or 'Recovery' Budget and our own local priorities for the coming years.

We heard you agree that for this coming year we should focus on food security, marine protection, water security, housing challenges and to continue annual funding support for our community groups and environmental projects.

Therefore, we will be continuing our emergency water supply project and freshwater management programme, along with funding support for our welfare, health, tourism, arts, sustainability, and education community groups. We will also work with mana whenua and the community on our housing challenges, food security and marine protection.

Maintaining resiliency for our island is the focus for our three-year Local Board Plan and we are continuing to advocate for better connectivity, strengthening local procurement, and secure freight.

Take care of yourselves and each other during these busy times.

Ngā mihi,

Izzy Fordham

Chairperson Aotea / Great Barrier Local Board

Te Rohe ā-Poari o Aotea / Great Barrier

Aotea / Great Barrier Local Board area

Local Board Plan outcome

The Aotea / Great Barrier Local Board Plan 2020 sets out the aspirations the local board has for the area focuses on one outcome. The outcome in the Aotea / Great Barrier Local Board Plan is:

Ko te tino hia hia ki a manawaroa to tatou motu

Our island is resilient

He aha te mea nui o te motu o Aotea? He moana, he whenua, he rangi, he tāngata. What is the essence of Great Barrier Island? It is the sea, it is the land, it is the sky and it is the people

The local board agreement outlined in this document reflects how we plan to support our outcome and objectives through agreed activities in the 2021/2022 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

To meet this commitment, the local board worked with Aotea mana whenua and Ngāti Rehua Ngātiwai ki Aotea to develop the local board plan and actively considers Māori in their local projects and initiatives. Examples of this include:

- identifying opportunities to work together to build strong relationships and share information with Māori through the iwi responsiveness project
- collaborating with iwi on projects such as the emergency water supply, Accessways and Linkages Plan and Spaces and Reserves Activation Plan
- taking opportunities to create a Māori identity in our parks and facilities through actions such as naming or renaming them and sharing stories about the area's heritage through interpretative signage.

Aotea / Great Barrier Local Board Agreement 2021/2022

Priorities by activity area

Auckland Council’s 2021/2022 funding priorities for local activities which contribute to key community objectives in the Aotea / Great Barrier Local Board area are set out below under each local activity.

Local Community Services

Local community services is a broad activity area, which includes:

- providing grants and partnering with local organisations to deliver community services
- maintaining facilities, including local parks, libraries and halls.

Our annual budget to deliver these activities includes operating costs of \$2.0 million and capital investment of \$254,000.

The key initiatives we have planned for 2021/2022 include:

- community grants funding to our health, welfare, arts, education, sustainability, and tourism organisations
- respond to Māori aspirations through the appointment of representatives to allow for increased levels of participation in our relationship development and engagement on initiatives and projects
- investigating and advocating for improvements to our telecommunications infrastructure
- completing our Community Spaces and Reserves Activation Plan and Accessway and Linkages Plan
- investigate ways to address our housing challenges, including affordability and the lack of social, pensioner and rental availability.

The local community services and key initiatives outlined above contribute towards achieving the following objectives in the Aotea / Great Barrier Local Board Plan:

- mana whenua will prosper
- our community groups are resilient
- we have sustainable tourism
- our island infrastructure is future-proofed
- smarter housing opportunities will be explored.

These activities include stream restoration, waste minimisation programmes, supporting environmental volunteers and partnering with schools to provide a range of environmental initiatives.

Our annual operating budget to deliver these activities is \$215,250.

The key initiatives we have planned for 2021/2022 include:

- provide an emergency water supply for Aotea residents
- freshwater management programme to support the reduction and prevention of pollution getting into waterways and receiving environments

Local Governance

Activities in this group support our 21 local boards to engage with and represent their communities and make decisions on local activities. This support includes providing strategic advice, leadership of the preparation of local board plans, support in developing local board agreements, community engagement including relationships with mana whenua and Māori communities, and democracy and administrative support.

The measures for this group of activities are covered under the Regional Governance group of activities in the Long-term Plan 2021-2031 which determine participation with Auckland Council decision-making in general. This includes local decision-making. There are no changes to the measures or targets for 2021/2022.

Our annual operating budget to deliver these activities is \$587,000.
