

## Regional Arts & Culture Grants Auckland Funded Projects 2022-2023 Round Two

The Regional Arts and Culture grants programme is designed to enable organisations, communities and artists to deliver arts and culture projects and activities across the Auckland region. Grants delivered through this programme support the implementation of Toi Whīteki, Auckland’s Arts and Culture Strategic Action Plan.

Following consultation with staff and external arts sector professionals based on the arts and culture assessment matrix criteria, a total of \$366,130: \$182,366 to thirteen audience development and programming grants; \$123,764 to nine business and capacity project grants and \$60,000 to strategic relationship grants.

The Regional Arts and Culture Grants Programme budget is allocated under the following three categories:

**Audience development and programming project grants:** These grants support the delivery of a wide range of high-quality arts and cultural experiences that would not otherwise be economically viable. These projects should be capable of attracting audiences from across the Auckland region.

**Business and capacity development project grants:** These grants are intended to increase the professionalism and build the sustainability of regional arts and culture organisations through the development of strategic, business and marketing plans; feasibility studies; organisational development and digital/web development activities.

**Strategic relationship grants:** These grants are single or multi-year funding relationships with a small number of strategic organisations operating at the regional level. These organisations are or are capable of becoming the ‘cornerstones’ of a thriving arts and culture sector in Auckland.

| Organisation                                | Activity  | Funding Allocation |
|---|---|--------------------|
